

Thermo Instruments

We Sense Heat...

About US

We offer a complete gamut of all types of RTD and thermocouples suitable for measuring temperature of all types of furnaces, boilers, turbines and machineries under one roof. To some of you, who are meeting us for the first time, we say "Thank you" for letting us make a first impression-One that we hope will convince you beyond any doubt that **Thermo** can be your preferred supplier for RTD & Thermocouples along with complete solution to your related problems. To those who already know us, we invite you to take a fresh look at who we are today. With a clear focus on Temperature Measurement, we are upgrading ourselves with most advanced technologies as a solution oriented company that makes decisions based on customer requirements and the latest market needs. You may have already noticed a change in us.

If you want to walk fast,
walk alone. But if you want
to walk far, walk together

Ratan Tata

Mission

Provide high product quality.

Vision

To be world's no 1 company in
Temperature Sensing Field.

PRODUCT VERTICAL

- THERMOCOUPLES (K/J/R/S/T/N)
- COMPENSATING CABLE
- THERMOWELL
- LARGE DIGITAL DISPLAY
- ALARAM ANNUNCIATORS
- THERMOGRAPHY
- AIR COOLER
- OIL COOLER
- PT-100 / PT-500 / PT-1000
- COMPRESSION FITTING
- TEMP. TRANSMITTERS
- NON -CONTACT GUN
- TEMP.SCANNER 24 CHANNEL
- SHELL & TUBE HEAT EXCHANGER
- CONDENSOR
- CHILLER

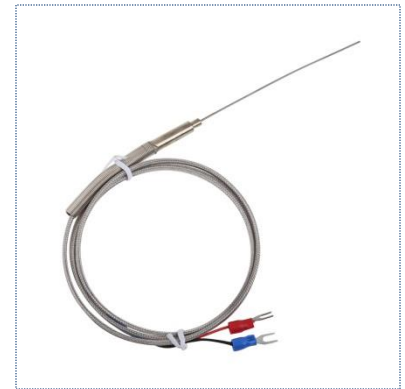

Thermocouple / RTD

Thermocouple / RTD

OUR SPECIALITY

Cooling Battery

Jacket Fresh Water Cooler

Dry Chemical Powder Tank

Brine & Chilled Water Cooler

Thermo Instruments

Mfg. in Temperature Sensors & Devices.
